

## Governor Places New Restrictions In Oklahoma War

People Appear Stunned As Walton Suspends  
State Fair Indefinitely; Declares  
He Will Stop Flogging.

Washington, Sept. 18.—The federal government does not propose to interfere or take any action whatever in the controversy between Gov. Walton of Oklahoma and the Ku Klux Klan it was announced at the White House this afternoon.

Administration officials declared they regarded the Oklahoma situation as purely a local matter to be handled by the governor in any way he saw fit.

Oklahoma City, Okla., Sept. 18.—Gov. J. C. Walton today vigorously followed up his action of placing the entire state under martial law "to whip the Ku Klux Klan and drive the Invisible Empire from the state."

Peaceful Oklahoma City, scarcely heeding the political upheaval which at first was taken "with a grain of salt," awoke this morning to face another restriction—the indefinite suspension of the annual state fair, which was to begin Saturday.

People Appear Stunned  
"I believe the gathering at the state fair will hamper operation of martial law," Gov. Walton declared today.

Furthermore, I am going to use the guard to confiscate food and take it to farmers in Marshall and Carter counties, where they are literally starving to death on account of the summer drought.

Postponing of the state fair will mean loss of many thousands of dollars and disappointment to thousands of exhibitors who already have exhibits on the grounds, brought here from many southwestern states, according to the fair commissioners.

Bitter denunciation, however, was not heard. The people of Oklahoma were quiet. They appeared to be more or less stunned.

Will Stop Flogging  
Muskogee, Okla., Sept. 18.—After

## SCOTT TO RECEIVE ANOTHER CHARGE

Salem Methodists Are Not  
Notified Who Will Be  
Their Pastor.

Cleveland, Sept. 18.—An unexpected rush of business caused the Northeast Ohio Conference of the Methodist church to continue its sessions today. It was hoped, however, as the 500 ministers reconvened at the Lakewood M. E. church this morning, that the last matter might be settled and the list of appointments in the ten districts made this afternoon.

Dr. Scott Not To Return

Methodists in Salem are anxiously awaiting announcement of the appointments of the Northeast Ohio conference of the church which is in session in Cleveland.

It is definitely known that Dr. H. H. Scott of the Salem church will not be returned to this charge and it is understood he will be appointed to one of the Youngstown churches. Who his successor will be cannot be learned until after this afternoon's meeting.

Boston Doctor Sought In  
Torso Mystery.

Dr. William M. Robb, a well known Back Bay (Boston) doctor, is being sought by the state police in connection with the finding of the disemboweled torso of a woman in the Merrimack river. Parts of the body were found in two suit cases, though the head has never been found. Similar suit cases are reported to have disappeared from the doctor's office, according to District Attorney Reading of Boston. The body was identified as that of Mrs. Alice Weichendorf, the fiancée of a summer resort at East Bridgewater. The identification was made by another doctor, whom she had asked to perform an illegal operation.

Mrs. Alice Grable and Mrs. H. W. Ryland accompanied Mrs. Samuel Weichendorf to Warren Tuesday morning when Dr. Robb was confined to the Warren City hospital seriously ill due to injuries in auto accident.

# FIRE DEVASTATES SIX TOWNS

## FLICK HANDS OUT FINE OF \$500 IN JOHN ALTIAN CASE

Denies Liquor Charge But  
Agents' Evidence Is  
Convicting.

John Altian, who was arrested at 255 Broadway last Thursday night by state and local prohibition agents on the charge of selling a bottle of hooch to an agent on the afternoon of Aug. 19, pleaded not guilty before Acting Mayor B. L. Flick Monday night. After evidence was submitted in a two-hour hearing Mayor Flick found Altian guilty on the charge and fined him \$500.

This is the second trial of a series involving eight local men who were caught by the officers in different parts of the city selling and possessing booze. About Aug. 19, several prohibition enforcement agents visited the suspected places and purchased whisky which they held as evidence.

Altian denied that he had sold the liquor at his Broadway home but enough was confiscated by the officers as evidence at the time of the purchase to convict Altian. He gave bond for the amount of the fine.

The fine is the same as assessed against Albert Ciccozzi Friday night. Altian was up on his first offense, it was revealed, although at the time of the raids it was understood he had been arrested before. The evidence at the trial refuted the original contention that he had been arrested before on a similar charge.

Wednesday night some of the other six men are scheduled to face the mayor on various charges. Because of the slowness with which the hearings are moving it is doubtful if all will be arraigned this week.

## WANT ELLSWORTH STRIP IMPROVED

Perry Trustees Ask County  
To Help Improve Short  
Stretch Near City.

Improvement of a stretch of road a quarter of a mile long on the Ellsworth rd. north from the city limits of Salem, was suggested to the county commissioners by trustees of Perry township when the former visited the scene Monday.

The bad stretch begins at the Mahoning county line and extends toward Salem. At present it has no surface and its bed is insecure. It is an important strip in the Salem-Cleveland highway.

James Ramsey, one of the township trustees, urged the county commissioners to lend aid on a 50-50 basis to repair and surface the road. With this view, however, the commissioners did not entirely concur. They urged that the telephone poles be moved back from the road and that it be graded to its proper width. Then, they suggested, a coat of tar might be applied to give it a passable surface.

The stretch can be paved with macadam, the trustees held, at a total cost of \$2,000.

What actually will be done still remains in abeyance.

## 923 Pupils Enroll In Lisbon Schools

Lisbon, Sept. 18.—A total of 923 students enrolled in the Lisbon schools Monday according to the figures given out Tuesday morning by Supt. W. H. Geiger.

The enrollment by buildings is as follows: Lincoln building, 347; McKinley building, 248; Anderson High, 231. While there is an increase in the enrollment in the grades the High School enrollment has fallen away sharply. The enrollment last year was 262.

## Italian Princess Ill, King At Her Bedside

Rome, Sept. 18.—King Victor Emanuel and Queen Elena spent nearly the entire night at the bedside of their sick daughter, the Princess Mafalda. Seven doctors are in attendance. It is feared the princess would collapse from insomnia.

## 2500 Pressmen Quit, Tie Up N. Y. Papers

New York, Sept. 18.—A strike of 2,500 pressmen today tied up practically every newspaper in New York city. The walkout was the culmination of 18 months of strife over wages and working conditions. Last year's award by Judge Martin B. Manton, federal arbitrator, has been the bone of contention. The pressmen decided finally not to abide by its terms.

## William Z. Foster, Radical, Arrested

William Z. Foster, radical leader, was under arrest here following his meeting where he was spreading un-American ideas.

## RETURN OF SPIRIT OF 1918 NEEDED, SAYS BLIND VET

Must Never Lose Sight Of  
The Ideal Of Unselfish  
Patriotism, He Says.

## LIEUT. SCHOEBLE SPEAKS IN SALEM

Praises Work Of Doctors,  
American Legion And  
G. A. R. Vets.

In an inspiring patriotic address at the Methodist church Monday night, Lieut. Frank Schoeble of Philadelphia, one of the two American officers totally blinded in the World war, praised the activities of the American Legion for their Americanization program, paid high tributes to the G. A. R. and allied organizations and paid a brief but touching tribute to the motherhood and fatherhood that acted so nobly during the war.

The large audience that completely filled the church listened to the address with an eagerness to catch every word of what was perhaps the greatest talk on patriotism ever heard in Salem. The speaker gave his impressions of the conflict, predicted what was to come in the future for America as the result of peace work and Americanization, and stressed the ideals which the American nation must live up to if the United States is to carry on and hold the respect of all nations.

Taking as his subject, "Forward March," Lieut. Schoeble first gave as an introduction to his main address a brief review of the amount of work that doctors did during the war and especially praised the work of Dr. H. K. Yaggi of this city, to whom, Lieut. Schoeble owed his life.

"No one over here can realize the great work that physicians on the battle field did. No one can hope to realize that great work until one has gone through the fire of battle. Medical aid during the World war was a history in itself, a history of valiant deeds that will, like the exploits of our other brave comrades, those who bore arms, live forever in the hearts of every legionnaire."

In part his main address was as follows:  
Need Spirit of 1918  
"The spirit of 1918 was to give all that we had and not ask anything in return. The victory we attained was enough to give us forever an ideal to follow. We must never lose sight of that ideal—the service to mankind that made us the most respected nation on the face of the earth."

"Unfortunately we do not have that spirit today, that spirit as our guiding American principle. What we need is a return of that unselfish patriotism that we so nobly cherished as our proud possession during the war."

"That patriotism, that principle, that ideal, must not have to be cheered on by the tread of thousands under (Continued on fourth page.)"

## PROPERTY VALUES BRING PROTESTS

County Board Of Review Is  
Hearing Protests Of  
Property Owners.

Lisbon, Sept. 18.—The board of review of Columbiana county, composed of County Auditor Hamilton, President of the Board of County Commissioners J. F. Kerr and County Treasurer Josephine Pike, held their first session Tuesday morning to adjust valuations of property, listed for taxation.

The session was attended by a large number of persons who affirmed that the amount assessed against their property was excessive. After they had presented their claims for a less valuation the board went into executive session to adjust matters.

Their decisions will be handed down later. Other meetings will be held from time to time to take care of any further claims that may arise.

## Peaches Going To Waste At Infirmary; Pickers Wanted

Lisbon, Sept. 18.—Hundreds of bushels of fine Elberta peaches in the orchard of the county infirmary, near here, are destined to go to waste unless picked within the next few days, according to J. P. Neill, recently appointed infirmary superintendent, who today placed the situation before the commissioners.

As a result, an appeal is being made to Columbiana county residents to come and pick the peaches. A price of 25 cents a half-bushel basket has been set upon the fruit by Neill.

The infirmary orchard consists of approximately eight acres. The peach trees are so heavily loaded that the boughs of many of them lie on the ground. Bushels of ripe fruit have fallen to the ground. Each stray

breeze brings down another fall. The infirmary crew has begun picking, but is helpless against the size of the task.

An especial discouragement lies in the fact that no visible market for peaches exists close by and the county has no trucks to haul to Youngstown or Pittsburgh markets, even if it were profitable.

Baskets will be provided, although all those who can provide their own receptacles are urged to do so by Mr. Neill, who says that a small charge must be made for baskets.

Tempted by the fruit's appearance, the commissioners became the infirmary's first customers when each took home, after paying for it, a full basket of the ripest peaches.

## STATE SCORES IN WARD TRIAL WITH MURDER EVIDENCE

Introduces Shirt, Vest and  
Coat Worn By Peters  
When Killed.

White Plains, N. Y., Sept. 18.—The state today struck its first, telling blow in its fight to send Walter S. Ward, son of the millionaire baker, to the electric chair as the murderer of Clarence F. Peters.

Introduction of the shirt, vest and coat, worn by Peters the night of May 15, 1922, the date of his death, showed a bullet hole through Peters' shirt, showing that the lead bullet entered on the left side at the heart.

Two witnesses swore the vest was buttoned when the body was found. It had no bullet hole at the front. The hole where the bullet came out in the back was visible.

The coat showed a hole in the back none in the front.

The bullet which entered the heart coming out the back was not found at the scene.

This evidence was introduced by the state to prove its theory that Peters was not killed where the body was found and that after death his vest was buttoned up as a part of an alleged plan to hide the real facts in the case.

## BARCLAY IN GRAVE CONDITION, REPORT

Hovers Between Life And  
Death; Thomas Catlin  
Much Improved.

Samuel Barclay, one of the two Salem men who were seriously injured in an auto accident near Warren early Sunday morning, is still hovering between life and death with a fractured skull.

He is at times conscious but because of the convulsions which occur every few minutes it is not believed that he will live. Hospital physicians today stated that Barclay has a fighting chance to recover.

Thomas Catlin, who also sustained a fractured skull, also improved. His injury is not serious and he will recover. Doctors reported his condition as "very satisfactory," and in the same breath that Barclay's was "very grave."

A large delegation of friends of the two men visited the injured men Monday. Mrs. Barclay is at the bedside of her husband.

## MALTA ROCKED BY EARTHQUAKE

Malta, Sept. 18.—A heavy earthquake shock was felt here at 7:39 o'clock this morning.

The chief British naval base in the Mediterranean is located on Malta island.

The ground vibrated for several seconds.

No casualties were reported but the people were highly alarmed.

## Adopted Child Named For Probation Chiefs

Lloyd Morrow, infant son of Ethel Morrow, was legally adopted Monday by Mr. and Mrs. Michael L. Lawrence of Wellsboro.

Mr. Lawrence asked permission to have the child's name changed. This was granted and when he was requested to name the child he hesitated.

Finally he said: "Judge, if you don't care, I would like him called John Edward, after Probation Officer McShane of East Liverpool and Snyder of Salem."

The request was granted and little John Edward smiled at his two name sakes who were in the court room.

## Sunday School Rally Day Set For Oct. 14

The Presbyterian Sunday school will hold a rally Sunday, Oct. 14, at which time special effort will be made to have all the members of various departments of the school present. Special music will be a feature.

Plans for this event were considered at a meeting of officers and teachers of the school Monday evening.

A party for the teachers, officers and orchestra will be held Oct. 23 at the chapel.

## Lieut. Goldy Aiding In Japanese Relief

Salem is again figuring in the relief movement in Japan, according to a word received by Mrs. L. V. McCave that her son, Lieut. Harry Goldy, formerly of Salem, is now in Japan, having been ordered there with his ship, the U. S. S. Porpo.

Lieut. Goldy, a commissioned naval officer for the last six months, had just left Japan a short time previous to the disaster and his ship was immediately ordered to return.

## BERKELEY, CAL., IS HIT HARDEST

Forest Fires Raging In 20 Counties Menace  
Many Other Towns; Appeal Is Sent For  
Troops To Help Fight Blaze.

San Francisco, Sept. 18.—With six northern California towns and cities either completely devastated or damaged by fire resulting from forest and grass blazes and a dozen others endangered, thousands of fire fighters, including soldiers and marines today were endeavoring to check the most disastrous series of conflagrations in years.

The fires are raging in 20 counties. The heaviest damage was at Berkeley where the property loss was estimated today by the city manager at \$5,000,000.

## Fine Homes, Ranches Gone

The towns that burned in path of the flames include Woodacre, Marin county; Calverley, Sonoma county; El Dorado, El Dorado county; Forest Knolls, Marin county, and Boyes Springs, Sonoma county, in addition to a large section of Berkeley.

More than a dozen towns, big summer resorts, between 50 and 100 fine summer homes and scores of stock ranches, vineyards and other Sonoma county show places have gone up in flames and thousands of acres of timber and brush land burned over.

Among the towns reported early today to be endangered by the blaze are Fairfax, San Anselmo, Ross, Lagunitas, Bolinas, Ignacio and Novato, Marin county, Guerneville and Sonoma City in Sonoma county; Fairfield in Solano county and Diamond Springs in El Dorado county.

Among the summer resorts wiped out which were nationally known were Aqua Calientes, El Verano and Boyes Springs.

## Pal of Smoke Over State

A pall of smoke today hung over the entire state from Santa Barbara

north. Near Santa Barbara a great forest fire which already has burned over 100,000 acres was being fought.

North of San Francisco every available means of communication brought appeals for aid from stricken sections. Bolinas used wireless to broadcast an appeal for 500 soldiers to aid in fighting the flames menacing the little town. Wire communication was crippled and the full extent of the destruction may not be known for days.

Hope was held out today that the fires may be checked as the high wind which reached a velocity at some places of 90 miles an hour yesterday, was greatly abated. In Marin and Contra Costa counties marines and soldiers joined in fighting the fires and it is probable that other detachments will be sent today to threatened points. Regular and National Guard troops were on duty also in the burned area at Berkeley.

## Many Endangered

Dozens of narrow escapes from flames were reported in northern California. When the flames swept down the Sonoma valley, John Cadral saved the lives of his wife and three children by lowering them to a well.

Burning of railroad trestles delayed aid sent to Boyes Springs from San Francisco, but motor apparatus reached the place.

In Napa county 150 tubercular patients were hurried from Sanitariums endangered by the fire. In that county alone damage was estimated at nearly \$250,000.

The most menacing situations, however, today existed in Sonoma and Marin counties. In both counties all able bodied men have been appealed to aid in fighting the flames.

## HYLAN IS IMPROVING RAPIDLY; MAY SIT UP

Saratoga Springs, N. Y., Sept. 18.—Mayor John E. Hyland of New York, who has been seriously ill here with pneumonia, complicated by pleurisy, will be setting up the first part of next week, if the steady improvement of the last three days continues.

The mayor had a good night, slept soundly several hours, and early today was reported "much better."

## REFUSE TO LIMIT TERMS OF BISHOPS

Northern Ohio Methodists  
Vote Down Limitation  
Proposal.

Cleveland, Sept. 18.—An attempt to limit the term of office of the Methodist Episcopal church delegates to a six-year term was defeated at the 13th annual meeting of the Northeast Ohio M. E. conference. The general conference requesting the general conference to limit the term of office to eight years. At present the bishops are elected for life.

The full ordination of women as ministers was indorsed by the conference in a memorial to the general conference which meets at Springfield, Mass., next May. It was introduced through the laymen's conference.

A memorial asking that the general conference provide that each annual conference vote by secret ballot on the question of whether district superintendents shall continue in office another year was referred to the memorial committee after considerable discussion.

The proposed change in the laws governing the appointment or choice of district superintendents was said by several speakers to indicate a trend toward more democracy in the church.

The proposed change in the laws governing the appointment or choice of district superintendents was said by several speakers to indicate a trend toward more democracy in the church.

A resolution introduced by the social service commission urges the Ohio legislature to make it compulsory for divorced persons remarrying to state on their marriage licenses that they were divorced.

DIVORCE CASES  
MOUNT, COUNTY  
RECORDS SHOW  
Lisbon, Sept. 18.—On Sept. 13, County Clerk J. T. Burns opened a new appearance docket in which cases filed for trial are recorded. Of the first ten filed in this docket nine were divorce actions. This is the largest number of divorce cases filed in a single week.

Divorce actions are on the increase in the county, the records showing a steady climb in the number filed since the first of the year.

## RYAN UNDER BOND FOR GRAND JURY

Welch Taken To Lisbon To  
Await Hearing On a  
Lunacy Charge.

Edward Ryan, of Columbus, arrested by East Liverpool officers Saturday and turned over to local police on the charge that Ryan had sold a bond not his property to J. N. Yates of Salem in 1921, was bound over to the grand jury by Acting Mayor B. L. Flick Monday night.

Ryan pleaded not guilty to the charge but waived preliminary hearing. Flick set the bond at \$2,000 which Ryan was unable to furnish. He was taken to Lisbon and will be held in jail until the grand jury meets.

Pete Welch, who several weeks ago smashed the window of the First National bank while crazed with booze, was taken to Lisbon Monday by Chief of Police T. W. Thompson to face a lunacy charge.

Thompson turned Welch over to the sheriff who will hold him until after an examination. It is believed that the man is demented and at times is under the delusion that every one owes him money or that there is some easy money within his grasp.

It was this demented state of mind, the officers declare, that caused him to break the bank window, fire taxicabs to go on wild goose chases after a stock of gold and insist continually that there was gold hidden near the city hall.

## SPANISH MAYORS TO BE ARRESTED

Madrid, Sept. 18.—The military dictatorship today ordered the arrest of virtually all the mayors in Catalonia. Nearly all are friends of President General Primo Rivera, head of the revolutionary government and Captain-General of Catalonia.

Two generals have been appointed to supervise the prosecution of former Foreign Minister Alba, who has fled to Biarritz.

Contrary reports were current regarding Senator Alba. One was that he had sent a letter to General Primo Rivera saying he would never return because he believed Spain would become a country like Mexico, with frequent revolutions. Another was that he had promised to come back if granted a speedy and impartial trial.

A. P. Moore, the American ambassador, believes the new government will achieve success. Spanish circles quote him as saying Spain has not had such a strong government in 25 years.

## Ceremony By Greece Is Apology To Italy

Athens, Sept. 18.—Ceremonies by Greece in apology for the killing of Italians upon Greek soil began today. The minister of war accompanied by an aide visited the allied legations expressing the government's regrets.

## Stoop a Little

BEN FRANKLIN was a tall youth,  
and none too humble. He entered  
the home of Cotton Mather one day  
and bumped his head against a ceil-  
ing beam. Said Mather, with sig-  
nificant intonation, "Stoop a little as  
you go through life, Benjamin; it will  
save you many a hard knock." Frank-  
lin took the hint. He became one of  
the most humble seekers after the  
knowledge of how to live. Out of that  
humility came his strength.

Rudyard Kipling wrote a poem called  
"Recessional." It did not seem  
good to him. He threw it in the waste  
basket whence it was rescued by his  
wife and given to the world.

Gladstone was a great prime min-  
ister of one of the greatest empires  
in the world. Yet he said, "No one  
knows how like a worm I feel when I  
face the house of commons." His hon-  
est humility sounds a lot like Lin-  
coln's famous comment, "I did not  
control events, but events plainly  
controlled me."

As we read the records of the past  
we find that the giants of old were  
humble. Moses deprecated the idea  
that he was fit to lead his people out  
of slavery. "I cannot talk," he said.  
Jeremiah protested against the mis-  
sion that faced him. He said, "I am  
but a child." While one whose good-  
ness is the perpetual inspiration of  
the world said, "Why callest thou me  
good, there is none good save God."  
Pride is the weakest thing in the  
world and humility the strongest.  
Power is born in a sense of personal  
inadequacy. Stoop a little as you go  
through life, it will save hard knocks  
and earn large rewards.

## Denatured History

DR. DAVID STARR JORDAN, who  
is an authority on fish and fight-  
ing, wants all praise of great military  
heroes eliminated from history text-  
books.

The Japanese are trying to do this,  
he says, and we could follow their  
example. Washington may be com-  
mended as a surveyor, and Grant as  
a tanner, but let us have no mention  
of their saving their country, because  
such mention may make our boys and  
girls believe it is better to win a vic-  
tory than to be defeated.

It is a fine thought, when all is said  
and done, that we should be prouder  
of the man who first dissected an  
eel than of the man who said in a  
crisis, "I propose to move immediately  
upon your works," and did so.

But it is all nonsense.  
Cut out every printed reference to  
Napoleon for 50 years, and every child  
in France would still know who he  
was and what he did. Fill all the  
space made vacant by omitting Na-  
poleon's deeds with references to stu-  
dents of fish, and the child will still  
neither know or care who they were.

## TRAFFIC HALTS FOR PIGEON

New York Crossing Policeman Sees  
That Thirsty Bird Gets Drink  
on Pavement.

Traffic was heavy and the policeman  
signaled, shouted, frowned and grinned  
according to the changing character of  
the four-way crowds. The white sig-  
nal flashed and waiting drivers pre-  
pared to throw in their gears and  
speed north or south. But the arm  
of the law warned them back. They  
craned around their windshields to find  
out the trouble. The policeman with  
arm still uplifted was gazing at a shal-  
low pool of rainwater in the hot pave-  
ment, says the New York Sun and  
Globe.

"That bird shall have her chance,"  
he growled at the nearest car. "She's  
tried to get a sip of water four times  
and what with all the pedestrians and  
cars and other interferences she's like  
to die of thirst."

The pigeon slipped peacefully, rais-  
ing its sleek throat each time for the  
drink to slip down more smoothly.  
Then it waddled laughingly away.

The policeman's arm came into ac-  
tion and a satisfied grin spread over  
his ruddy cheeks. "Come along now,  
with your noisy cars!" he invited.  
"What's detainin' ye?"

Berlin—Boxing matches between  
women, a popular pastime here, and  
certain dances performed even under  
the guise of art have been banned by  
Berlin police.

## That Body of Yours

Copyright Act

### HOW'S YOUR APPETITE?

I have talked so much about the  
dangers of overeating that I just want  
to go to the other extreme and talk  
about under-eating.

Perhaps you have thought that such  
a thing does not exist on this contin-  
ent.

And yet many people are not get-  
ting sufficient food for their every day  
want.

Why? Because they have no ap-  
petite for their food. Food seems to  
actually nauseate them.

And yet if you have watched a per-  
son who has been sick you will re-  
member that he began to get better  
from the very moment he regained his  
appetite. And his appetite returned  
when something special was prepared  
for him, perhaps something he liked.

Now what's my point?  
That the aim of those who have to  
look after sick people should be  
along this very line. It is sadly neg-  
lected.

The patient has been on a milk diet  
for weeks and as milk is a good food,  
therefore the milk is continued until  
the patient hates the very sight of it.  
Now there are any number of nourish-  
ing foods that are easily digested, and  
if prepared in a tasty way will tempt  
the appetite.

I often feel that the dietitians in  
the hospitals do not give this the at-  
tention it merits.

You see their duty is to prepare  
dishes that contain all the essential  
food stuff including vitamins, and  
to prepare them in the most economi-  
cal manner. It is a big problem in  
itself.

I believe that many patients would  
be out of hospitals days, yes, weeks  
sooner, if the dietitian had the time  
to study each individual case. Some-  
times where a case is out of danger  
but there seems no progress toward  
recovery, the actual stopping of all  
food for a couple of days, creates  
such an appetite that when a tastily  
prepared plate with beef or chicken,  
and a little light vegetable or two is  
put before them, they eat it heartily,  
and start on the road to recovery in  
the rational way.

The rational way is by eating of  
course.

## 20 YEARS AGO

(Issue of Sept. 18, 1903)

John L. Lessler, this city, and Jerry  
Bessler, Ellsworth, left this morning  
for Chattanooga, Tenn., and vicinity  
on business. Some time ago John in-  
vented a hen roost and secured a patent  
on it. The contrivance is said to be  
the best on the market and while  
yet new, is much in demand.

J. S. Goldy was in Youngstown yes-  
terday in the interest of the Salem  
Driving park races to come off here  
next week.

Walter W. Saffel and Miss Glen  
Uebere, young people who graduated  
from the Salem Business College re-  
cently, were married yesterday after-  
noon in Cleveland.

Mr. and Mrs. A. K. Mansfield, Lin-  
coln ave., will leave Salem for Boston  
where they will visit relatives for a  
short time. On Oct. 3, they will sail  
from New York city for Belgium and  
spend the winter abroad.

John Fisher, of Lisbon, was struck  
by a Wheeling & Lake Erie train at  
Canton and is in a hospital there suf-  
fering from injuries, which probably  
will cause his death.

Mr. and Mrs. E. E. Hanna and son,  
Delos, have returned from a western  
trip including points in California and  
other places of interest.

W. G. Bentley went to Cleveland

## Health Brings Beauty

When You're Run-down, Weak or  
Nervous, You Do Not Look Well

Cambridge, Ohio—"I was in a run-  
down state of health with scarcely  
ambition enough to do my house-  
work, when I first learned of Dr.  
Pierce's Favorite Prescription, about  
a year ago. I had doctored but ob-  
tained no benefit, but one bottle of  
the Favorite Prescription put me  
on my feet and strengthened me in  
every way. Dr. Pierce's Favorite  
Prescription proved to be an ex-  
cellent tonic and nerve and I  
highly recommend it as such to all  
women who have become weak and  
run-down."—Mrs. Virginia Leslie, 415  
Long St.

Your health is the most valuable  
asset you have—do not delay but  
obtain this "Prescription" now of  
your nearest druggist in tablets or  
liquid; or send 10¢ to Dr. Pierce's  
Invalids' Hotel in Buffalo, N. Y.,  
for trial pkg. or write for free med-  
ical advice.

## Things to Know About Our Service

## Wire It Right In the Beginning

Homebuilders! Property Owners! Landlords  
and Architects! Read this message from the  
American Builder Magazine—

"Wiring a house in the most complete  
manner possible is not expensive. It ex-  
ceeds five per cent of the cost of  
building. It is the greatest labor saver  
that a home can have and the cheapest  
of all permanent comfort equipment of a  
home. It costs less than plumbing and  
heating, and when it becomes as thor-  
oughly understood as plumbing and heat-  
ing it will be as carefully planned."

You're not going to be satisfied having that new  
house wired for one center fixture in each  
room. That's only the beginning. What about  
decorative little side wall brackets—you may  
want them sometime. Where will you attach  
your lamps? And the toaster? And the vac-  
uum cleaner? And the iron and the washer?  
And the curling iron?

SEE THAT YOUR WIRING CONTRACTOR  
PROVIDES "CONVENIENT OUTLETS" IN  
EVERY ROOM, ON PORCHES, AND IN THE  
LAUNDRY. Have this done when the house  
is first wired and save money! Our Lighting  
Engineer will gladly confer with you or your  
architect.

# EXPECT RECORD ENROLLMENT

Ohio Universities and Colleges Ready for the Opening.

MORE THAN 45,000 TO ENTER

Troubles at Wilberforce to Be Aired Before the Trustees Next Week. Governor Seeking the Scalp of Commissioner Poor—Congressman Cable Enters Race For Republican Nomination For Governor.

Columbus, Sept. 18.—A record enrollment is expected this fall at almost every college in the Buckeye state. More than 45,000 students, it is anticipated, will enter the higher institutions of learning. Of these two-thirds will be upper classmen, proceeding along their four, five or seven-year courses, the latter time now being required for a degree in medicine. Many of these upper classmen have been going to college off and on for several years, working and teaching a year or so and then returning to toil onward toward a coveted degree. About one-third will make their first appearance on a college campus. They will include perhaps 8,000 boys and girls who were graduated last spring from high schools and a large number of ambitious young people who have been working and saving for a year or more to pay for their entrance into college.

Several colleges have been unable to enlarge their plant and equipment to accommodate a flood of students. So they have found it necessary to limit enrollment. In other places women students have been turned away, due to lack of dormitory space.

At Ohio State enrollment is expected to pass the 10,000 mark. Last year it had 9,495 students, an increase of 700 over the preceding year. Many improvements, including new buildings, have been made during the summer months. The University of Cincinnati, second largest in the state, expects 4,900 students to enroll when it opens Sept. 24 for its forty-third year. Western Reserve university, Cleveland, will have a new president when it opens Sept. 18. He is Dr. R. E. Vinson, former president of the University of Texas. Student enrollment is expected to pass last year's figure of 2,342. Case School of Applied Science, Cleveland, plans to receive its normal student body of between 500 and 600 when it opens Sept. 25. Toledo university expects a registration passing its mark of 1,600 last year. Akron university will have an enrollment in excess of 900. Enrollment at other colleges is estimated as follows: Oberlin, 1,250; Ohio Wesleyan, 1,600; Otterbein, 800; Miami, 1,600; Western College for Women and Oxford, 500; Wooster, 850; Ohio university, Athens, 1,500; Heidelberg, 500; Dennison, 1,200; Wittenberg, 800. Ohio Northern, Mount Union and Defiance colleges also will have increased registrations.

Troubles at Wilberforce university, Ohio's state college for colored students, are to be aired on Sept. 22, when the members of the board of trustees and the state board of control are to hold a joint session at the school.

Appropriations for the university have been held up for several weeks owing to lack of approval on the part of the control board of the appointment of Richard C. Bundy of Youngstown, to the position of superintendent. It is charged that Bundy was elected by fewer than enough members of the board of trustees to constitute a quorum. The appointment was made in July before the new law requiring control board approval of such elections, as a condition precedent to state support, became effective.

Teachers at the school have not been paid for a month and complaints regarding certain changes in the personnel of the faculty have also been made to the control board. The situation is to be ironed out at the impending meeting.

Another attempt has been made by Governor Donahay to oust Chairman George T. Poor of Cincinnati from office as a member of the state public utilities commission. The governor has requested Attorney General C. C. Crabb to institute suit in supreme court against Poor. At the same time Donahay designated Commissioner C. C. Marshall of Sydney as chairman of the commission in Poor's place.

"In my opinion Mr. Poor's sworn ownership of stock in the Cities Service company utterly disqualifies him for membership on the utilities commission," said the governor, in a statement. "Under the opinion of the attorney general, however, I have not the authority to remove him for this cause. Under section 487 of the general code the governor is authorized to designate the chairman of the commission and by virtue thereof I have replaced Mr. Poor as chairman by designating C. C. Marshall to the position."

Some weeks ago the governor asked the attorney general for an opinion

whether ownership of Cities Service company stock by Poor disqualified him for membership on the commission and constituted cause for removal. Crabb, in reply, said it probably would be necessary for the courts to determine the facts in this particular case, and it is for this reason the governor has asked him to start legal proceedings.

"The question involved is one of vital interest to the people of Ohio, and I am sure that broad-minded, progressive men in the utility industry itself would like to see the body whose duty it is to regulate their business above even the shadow of suspicion," Donahay wrote in his letter to Crabb.

"The fact of ownership of Cities Service stock has been stated by Mr. Poor himself under oath. This company controls through stock ownership Ohio public utilities subject to regulation by the Ohio commission and serving hundreds of thousands of our people."

"I do not pretend to be versed in the fine points of law, closely drawn distinctions or technicalities, but plain old-fashioned horse sense convince me that since larger earnings through higher rates of these Ohio utilities mean larger earnings for Cities Service company, George T. Poor through his admitted ownership of Cities Service stock, did acquire a pecuniary interest in certain Ohio public utilities under his jurisdiction as commissioner."

The governor's campaign to oust Chairman Poor began during the last political campaign. After taking office as governor, Donahay demanded Poor's resignation along with that of Frank B. Mauler of Chillicothe, the other Republican member of the commission. Both refused to resign. Donahay also attempted, while the legislature was in session, to replace Marshall, Democratic member, whom he has now appointed chairman in Poor's place. Marshall's term expired Feb. 1 and Donahay appointed William A. Hopkins, Cincinnati, Democrat, to succeed him. The senate, however, refused to conform Hopkins' appointment and Marshall consequently retained office.

Congressman John L. Cable, confirmed the report that he will be a candidate for the Republican nomination for governor in 1934. Cable represents the Fourth district in congress and lives at Lima. With a consistent dry record behind him, he probably will expect the Anti-Saloon league to support him in the primary campaign. Official reports of his candidacy were heard a week or more ago, preceding the announcement of State Senator J. F. Burke's intention to enter the gubernatorial race.

Several of his congressional brethren are also contemplating entering the primary contest, it is reliably reported, among others, Congressmen Fitzgerald of Dayton, Cooper of Youngstown and Foster of Athens. Former Governor Harry L. Davis spent several days in Columbus this week. His friends indicate that he will go after the nomination a second time in spite of his retirement last year.

Former Congressman Roscoe C. McCulloch of Canton is making a canvass of the state with the probable view of entering the contest if conditions seem propitious. McCulloch ran against Harry L. Davis and Ralph D. Cole in 1920, but was defeated.

Former Supreme Judge George H. Clark of Canton is also said to be a potential candidate.

Two teams of Ohio's farm champions will gain national recognition next week when they participate for national honors at the Sioux City (Iowa) food and live stock exposition with representatives from 19 other states, according to an announcement made by W. H. Palmer of the Ohio State university and state leader of Boys' and Girls' Farm clubs.

The Wood County Clothing team, composed of Miss Vondale Kohrman, aged 14, and Miss Caroline Ziegler, 15, both of whom won state championship titles at the Ohio State fair, under the direction of Lillian White and C. C. Lang, county agents, will be sent to the food and live stock exhibit by the Ohio Bankers' association.

The Summit County Poultry team, composed of Beal Williams, aged 15, and Ralph Treat, 16, under the supervision of Bruce Tom, will enter their exhibit at the show under the auspices of the Summit County Farm clubs, it was said.

Ohio State university has started a new series of four-page pamphlets to be issued monthly under the series title, "Crop Talk."

This new series, it is announced, will follow in form the Timely Soil Topics leaflets, monthly publication of which began in 1918. Crop professors will put into plain words from month to month practical and timely applications of scientific findings as to the choice, culture and rotation of crops. No bulletin will exceed four pages and all will be printed in book-size type.

Any Ohioan who sends his name to the department of agricultural publications at the university will receive the circulars as they are issued, from month to month. There is no charge.

J. B. Parks, head of the farm crops department, wrote the first bulletin of the series, issued in August. He summed up the experience of college experimenters and of farmers who have threshed soybeans for seed. The edition of this bulletin is all but exhausted.

Persons who want anything know that The News is the Want Medium in this vicinity. So send it

# LISBON-HANOVER DETOUR CUT: PART OF ROAD OPENED

E. Liverpool Road Expected To Be Thrown Open By Last Of Week.

Lisbon, Sept. 18.—With two miles of paving finished, the Lincoln highway between here and Hanover was partially thrown open to traffic today. This will cut the present detour to approximately four miles. Traffic, instead of detouring near Hanover, will be able to follow the highway until it strikes the narrow brick road at the left leading past the county infirmary to Lisbon.

The entire job is approximately four miles long. With only half of it completed by the middle of September, scant hope is held out that the work will be completed this year. Indications are, the commissioners understand, that arrangements will be made to use the highway during the winter months, rather than inflict upon the townships west of Lisbon an impassable mud detour.

The work completed extends from near Hanover toward Lisbon. Paving of the last bricks laid was finished this evening.

The paving is of brick, of the same type of construction as that used in the Lincoln highway work between East Liverpool and Lisbon. On their trip Monday the commissioners declared themselves satisfied with the paving work, although here and there they likely will instruct the county engineer to insist on further perfection.

Only 40 feet more of brick remains to be laid on the Lincoln highway be-

works without polluting the air and irritating the eyes and lungs with noxious powders and oily sprays. No housecleaning necessary after using it. Sold by grocers and druggists.

THE O. & W. THUM COMPANY GRAND RAPIDS, MICH.

tween here and East Liverpool, according to a representative of C. W. Millar & Co., contractors. Enough brick to finish the job has been obtained from another contractor, it was learned, so that the last brick should be laid today. It will require several more days, however, the representative of the contractor said, before the last far is laid.

Probably the actual opening, following inspection of the work by County Engineer Lloyd C. Kirk, will not take place before the end of the week.

# Many Study Farming By Mail; Poultry Is The Popular Subject

The college of agriculture at the Ohio State university offered 24 different correspondence courses last year, and resident instructors marked and returned to students in all parts of the state 6,129 lesson papers. Over half of these papers were in one course, poultry keeping.

The poultry course has far outrun all the others in popularity ever since the college started its correspondence work in 1915, remarks J. E. McClintock, supervisor of such courses, in his summer report. Of the 20,399 enrollments for farm study by correspondence, the total to date, 4,337 have been in poultry.

Second in popularity is the course in soils, and third the course in vegetable growing.

These correspondence courses are free to Ohioans. They vary from three lessons to 12 lessons. Each lesson has attached an examination

paper which the student fills out before the next lesson in the course is forwarded.

Winter is the time of high enrollment. Of the 6,129 who took up courses last year, less than 1,000 enrolled between July and October. But as soon as the summer work is over, applications begin coming in, and many farming people take as many as five or six courses during the winter. More new enrollments have come into the college this past week than during all the month preceding, Mr. McClintock says.

There are two new courses offered this year, one in simplified farm accounting, and one in writing news for the home paper.

# Have You Ever Built a Grate Fire?

Just as the grate fire must have paper, kindling and coal, so the gasoline you use must have three heat-producing elements to give you the best results from your motor. These elements are (1) a light, highly-volatile portion ("paper") to insure quick starting. (2) As wide as possible a range of increasingly heavy portions (the "kindling") to provide smooth acceleration and clean burning, and (3) A heavy portion ("coal") to develop great heat and power.

Red Crown Gasoline has long been famous for its complete chain of boiling points. It meets every requirement of a perfect year-round motor fuel.

It always has the heat power and range necessary to efficient, economical motor operation under all the varying conditions of weather, engine speed and load. It is always available at more than 450 Standard Service Stations anywhere in Ohio and at many stores and garages as well.

THE STANDARD OIL COMPANY (An Ohio Corporation)

RED CROWN Gasoline

has the Complete Chain of Boiling Points

## SOCIETY

## Wise-Walpert

Hazel M. Wise, daughter of Mr. and Mrs. C. N. Wise, and Raymond F. Walpert, son of Mr. and Mrs. William Walpert, were united in marriage at 10 a. m. Tuesday, Rev. Manning officiating. They were attended by Helen Walpert and Harold Walpert.

The bride was gowned in white georgette and carried a bouquet of Ophelia roses. The bridesmaid was dressed in gray.

After the ceremony they returned to the bride's home where a three-course dinner was served to 60 relatives and friends. The home was beautifully decorated with flowers.

Mr. and Mrs. Raymond Walpert have left for a two weeks tour to Canada, Niagara Falls and through the east. They will be at home to their friends after Oct. 15, at Sebring.

## Baptist Brotherhood Class

The Brotherhood class of the First Baptist church will hold a corn and wiener roast Friday evening at the home of Benjamin Snyder, Damascus rd. all men of the class and their wives are invited to attend.

Those attending are asked to meet at the church between 6:30 and 7:30 and automobiles will be there to convey them to the Snyder home.

## Baptist Women to Picnic

The women of the Baptist church are invited to the annual picnic of the Missionary society to be held Thursday afternoon at the home of F. P. Eddy, Newgard rd. The regular meeting will be held with a program and a picnic supper will be served.

A bus will be at the church at 2 o'clock to take the women to the Eddy home.

## Dorcas Society Social

The Dorcas society of Holy Trinity English Lutheran church will give a corn and wiener roast Friday evening at the home of Mr. and Mrs. O. W. Youtz, Franklin rd. instead of Wednesday evening as previously planned.

Automobiles will be at the church at 7:30 to take the company to the Youtz home. Each family is to bring their buns and wieners.

## Warrington-McLaughlin

Rev. P. M. Kendall was the officiating minister at the wedding of Miss Minnie Warrington, Lisbon, and Herbert McLaughlin of West Point, the ceremony occurring at the Kendall home in Lisbon Monday evening. Mr. and Mrs. McLaughlin will make their home at West Point. The bridegroom is a son of Mr. and Mrs. Jerry McLaughlin.

## Sunshine Society

A meeting of the Sunshine society will be held Thursday, Sept. 27, at the home of Mrs. K. Minser, Goschen rd., instead of Sept. 20, the regular time.

## Licensed To Marry

Lucy H. Eagon and Thomas E. Wogan of Sebring have been granted a marriage license at Youngstown.

Mr. and Mrs. Walter C. Galbreath, Channing Galbreath and Miss Mae Clinefelter, all of Pittsburgh, spent Sunday at the home of Mr. and Mrs. T. E. Votaw south of the city.

Mr. and Mrs. E. S. Vincent, East High st., left Tuesday for a visit at Cleveland and Mentor. Mr. Vincent is taking a vacation from his duties at the Denning company office.

Miss Ruth Steiner resumed her duties Monday at the I. B. Taylor grocery store after a two weeks' vacation, during which she took a trip to Buffalo and Niagara Falls.

The Misses Mary Wright and Boss Watkins, Mrs. James Groner and Mrs. Ada Tice have accompanied their employer, R. S. McCulloch, to Erie, Pa., on a business trip.

Miss Esther Maule, who has been spending the summer in Salem, returned to New York city Tuesday where she will again attend Columbia university.

Miss Anne Filler, who spent the last two weeks with her parents, Mr. and Mrs. W. U. Filler, East Fourth st., returned Sunday evening to New York city.

Mrs. William Reed and daughter Nellie have returned to their home on Seventh st. after spending a week with relatives at Rogers and Signal.

Dwight Kelly and son Charles of Youngstown, have returned home, having concluded a visit with Mr. and Mrs. Henry Trotter, Green st.

Miss Myrtle Windle is taking a two weeks' vacation from her duties at the Oriental company store. She is spending a week in Cleveland.

Mrs. Amelia Klops, Miss Clara Klops and Mrs. Anna Sickafous, of Canton, visited Sunday with Mrs. and Mrs. Louis Stratton.

Mrs. Hilges Linton and daughters, Miss Mary Linton and Mrs. Edith Mitchell, visited relatives Tuesday in Canton.

Mrs. Sylvia Morrison and son, John Wayne, have returned from Bobcaygeon, Can., where they spent the summer.

Mr. and Mrs. Linton Ralph, of Bellevue, Pa., were here Saturday to attend the funeral of Mrs. Mary Gledhill.

Miss Helen McCreery, who has been at the Central Clinic hospital, returned Tuesday to her home on Franklin ave.

Miss Anna Speaight of East Liverpool is spending a few days here, the guest of friends and relatives.

D. A. Smith is off duty at the Smith company store on account of illness.

## PUBLIC LIBRARY

will be open every week day from 10 a. m. to 8:30 p. m., all during the year. 1923

## Former Delivery Boy Is Millionaire

John Hertz, Jr.

John Hertz of Chicago, multi-millionaire head of the Yellow Taxicab company, operating thousands of taxicabs in most of the larger cities of the United States, began his business career as a messenger boy. All of his employees have a share in his business. Other than that, he says, he has no formula for success, except hard work.

Mrs. G. J. Gould, Sr., Not To Marry Stepson.

## The Dark Brown Taste

If you wake up dull, sluggish, dragging, unrested—take warning. Something has gone wrong with your liver which is making the bowels and kidneys inactive. Indigestion, constipation, sick headache, stomach trouble is sure to follow. You can remove the cause and feel a lot better in just no time, if you will get a 25-cent box of HEALTH-OIDS and take one or two at night. Morning brings good system, from accumulated poisons. Fine for children. Get a box of HEALTH-OIDS (They keep you well). Sold by Lease Drug Co.

## FOSSILS FROM THE ICE AGE

Czech Scientist Discovers Skeletons of Men, Women and Great Variety of Animals.

Skeletons of prehistoric men and women from the ice ages, a mammoth, two lions, a hyena, a volvesine, five cave bears and at least sixty fossil beavers have been found in the vast system of underground palaces formed by nature in the limestone rock of central Moravia now being explored by Dr. Karel Absolon, curator of the Brno museum of Czechoslovakia. Dr. Absolon of the United States National museum, who is in Europe studying cave men for the United States Smithsonian Institution, will report these discoveries in a communication to the next issue of Science.

The skeletons of many of these mammals of the glacial period of the earth's history are in an excellent state of preservation, he says. The cave bears' remains are almost complete and will be mounted as a group in the Provincial museum at Brno (Brunn), while the teeth and skulls of the beavers are also considered of highest scientific value.

The great subterranean halls, with their numerous columns, stalactite and stalagmite forms, are being energetically explored and are said to rival in beauty the famous caverns in Virginia and Kentucky.

## GET PEARLS FROM HERRINGS

Humble Denizen of the North Sea Said to Have a Value Not Hitherto Suspected.

A new kind of imitation pearl will shortly be launched, for which we have to thank the humble herring.

The process is secret, and has lately been investigated by a commercial mission from America which has been visiting the Scottish ports. Fish-scales are used, and the substance produced from them is called "chitin."

The artificial pearls are treated with this preparation, and the result is said to give not only the exact phosphorescent glow found in real pearls, but the same velvety feeling. The North sea herrings have proved themselves the best for this purpose.

If this discovery proves to be a really exact imitation—so exact, that is, that even experts will not be able to tell the difference—what will happen to the genuine pearl?

Will people still pay huge prices for merely knowing that the pearls are real, without gaining any additional advantage of glow and appearance?

Meanwhile, the imitations are getting so good that one lady is reported to possess three necklaces—the genuine one, the valuable imitation, and a third less valuable imitation which she wears perpetually, lest the better imitation should be stolen!—Detroit Free Press.

## USED CAR SALE

Now is the time to buy a used car cheap. No reasonable offer refused as these cars must go. The Salem Nash Motor Co., 68 Pershing avenue. 219

Persons who want anything know that The News is the Want Medium in this vicinity. So read it.

## ASPIRIN

Say "Bayer" and Insist!

Unless you see the name "Bayer" on package or on tablets you are not getting the genuine Bayer product prescribed by physicians over twenty two years and proved safe by millions for

Colds, Toothache, Earache, Neuralgia, Headache, Lumbago, Rheumatism, Pain, Pain.

Accept "Bayer Tablets of Aspirin" only. Each unbroken package contains proper directions. Handy boxes of twelve tablets cost few cents. Druggists also sell bottles of 24 and 100. Aspirin is the trade mark of Bayer Manufacture of Monoacetic acidester of Salicylicacid.

## RETURN OF SPIRIT

(Continued from first page.)

arms, by the show and display of external things, but must be in each person's own mind, each soul, each heart; that spirit to live as an American should live; to do as an American should do; a spirit of patriotism that will burn and never go out in every American heart.

"In 1923 we have forgotten the vision that we all saw during the days of 1918—that vision of forward march to that objective that we did attain. In the time of need the American nation arose as one man, went to the help of those across the sea who were on the verge of defeat, and turned that defeat into overwhelming victory. It was forward march for every man whether he was on the battlefield, in the arsenal, in the workshop, store, or wherever it was. He was working for that great objective, of making the world a better place for his neighbor and himself to live in.

## Legion's Opportunity

"In organization there is tremendous force. That we also learned during the war. For that reason the American Legion today has the greatest opportunity in this generation to help the country fulfill the purpose for which we fought during the war. In the days of the Civil war the G. A. R. was our splendid example for they helped a downtrodden race. Today the American Legion will forward march and help free the world from thoughts of war and make us one great big legion, one united country, working for the salvation of our fellowmen as the Great Creator meant we should.

"America today has one great enemy—post war apathy. Let us forward march and work for the ideals of Americanism. Remember the constitution every day. Remember to live as an American, upholding at all times the principles that those who sleep beneath the sod gave their all for."

Post Commander Carl Yengling introduced Dr. H. K. Yangi who told how he had met Schoebie on the battlefield and that Schoebie had never seen him. At the conclusion of the program Miss Mary Mellinger gave a vocal solo.

## OBITUARY

**Kenneth Lloyd Seese**  
Kenneth Lloyd Seese, eight-year-old son of Mr. and Mrs. Lloyd Seese, 72 South Union st., died about 5 p. m. Monday at his home after less than a day's illness.

Kenneth, while not a rugged lad, was apparently improving in health when about 9 a. m. Monday he took a convulsion. He grew steadily worse until the end came that evening.

He was born Nov. 20, 1915, at New Brighton, Pa. Besides his parents he is survived by one sister and three brothers, all younger.

Funeral service will be at 1:30 p. m. Wednesday at the home, in charge of Rev. J. P. Harman. The service will be private on account of the illness of Mrs. Seese.

Friends may view the body Tuesday evening until 9 o'clock.

### Thomas Bowker

Thomas Bowker, Sr., born at Lancashire, England, July 10, 1856, died at 6 a. m. Monday at his New Waterford home after a short illness. Mr. Bowker was married to Helen Clark, on March 22, 1877. The wife and five children survive. The children are Mrs. Fred Moran of Dover, Kas.; Mrs. Mossman, Leetonia; Mrs. Curtis Sitter, James and Thomas Bowker of New Waterford. The following brothers also survive: Arthur of Dover, Kas.; George of Niles, William of Washingtonville. Mr. Bowker was a charter member of the Home lodge K. of P. of East Palestine.

### Charles De Wayne Bailey

After a week's illness, Charles De Wayne Bailey, five-and-a-half-months-old son of Mr. and Mrs. Floyd Bailey, 35 Rose st., died at 11:45 a. m. Monday. Beside the parents one sister, Deloris, survives.

Funeral service at 2:30 p. m. Wednesday at the home with Rev. J. P. Harman officiating. Burial will be at Lebanon.

### WINONA

Mrs. Walter Satterthwaite, who has been visiting in Newtown Square, Pa., returned home Monday night accompanied by her parents, Mr. and Mrs. Henry Forsythe Jr., and her brother, Henry Forsythe Jr., who will enter the Friends Boarding school at Barnesville in one week.

## CATHOLICS FORM CHARITY BRANCH

Name Four Team Captains For Membership Campaign Here.

A Salem branch of the Catholic Charity Corporation has been organized in this city with these team captains: Miss Nettie Speidel, Mrs. D. Grafton, Mrs. Floyd Young and Mrs. Charles Fisher.

A campaign will be conducted this week for the 1924 membership. This is an annual membership and the pledges made go to assist the corporation in its charity work.

The corporation has purchased 168 acres of land just south of Cleveland, on which will be erected cottages for orphans.

## STOCKS

**OIL STOCKS HEAVY**  
New York, Sept. 18.—Heaviness in the oil stocks and steadiness in the railroad stock, featured trading at the opening of the stock market today. Irregularity marked dealings in the balance of the list.

Coden yielded 3/4 to 27 1/2. Sinclair 1/2 to 18. Standard Oil of California 3/4 to 49 1/2. Pan American 1/2 to 55 1/2. Producers and Refiners 3/4 to 21. New York Central rose 1/2 to 100 1/2. Northern Pacific 1/4 to 57 1/2. Baltimore and Ohio 48 1/2 and Southern Railway 1/2 to 32 1/2.

Steel and equipments were fractionally lower.

### Mrs. Butler Improving

Mrs. Thomas Butler of East Palestine, who is at Salem City hospital recovering from burns sustained early Saturday when her home was destroyed by fire, was improved Tuesday afternoon, according to information from the hospital.

## Clover And Timothy Yields Below 1922

Columbus Sept. 18.—Statistician C. J. West, of the state agriculture department, today issued a statement estimating the clover seed yield in Ohio this year at 1.2 bushels per acre, with the acreage about 70 per cent of that reported at the same time last year.

"The yield of timothy seed is apparently around four and a half bushels per acre, with indications for something like 80 per cent of last year's acreage," West said.

### DAMASCUS

Lee Cobbs left Tuesday with Dr. Marvin for the medical university of Cincinnati, making the trip by automobile.

Mrs. William Talbot substituted for Mrs. Santee at the Garfield school Tuesday. Mr. Santee attended the Wise-Walpert wedding.

Mrs. Ralph Steer has returned home from a week's visit in the country. Mrs. Ed Steer returned Sunday from Colerain.

Leon King and two daughters, his mother, Mrs. Frank King, all of Warren, spent Sunday with Damascus friends. They formerly resided in Damascus.

George B. Oldham, Cleveland, has concluded a short visit at the home of John Gibbs.

Mrs. Anna Bye and son Alton called on Minerva and East Rochester Sunday.

A number of young people from Damascus resumed their studies at Mt. Union college Monday.

## How Accurate Should a Watch Be?

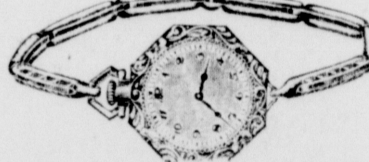

In the U. S. naval observatory there are several Riefler clocks, installed at great expense.

These are mounted on concrete piers to avoid vibration. They are housed in a room which is kept always at a constant temperature. Every 28 seconds they are wound by electricity—their pendulums swing in a vacuum. Yet, in spite of all the precautions which human ingenuity can devise, these clocks do not keep perfect time.

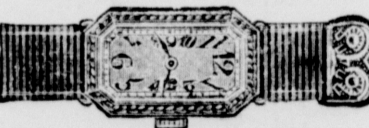

The public, ignorant of these facts, often expect accuracy from a watch of unknown foreign manufacture. Obviously a cheap watch cannot be as accurate as a more costly one.

**BULOVA WATCHES**  
(Lady Maxims)  
cost only a trifle more than unknown makes. Priced at \$17.50 up.

Ask the girl who wears one.

## ACME EQUIPPING LEETONIA PLANT

Stock Raised, Cultivator  
Company Moves Plant  
From Salem.

Leetonia, Sept. 18.—In a short time the Acme Cultivator, company, formerly of Salem, will be in full operation here. To this end the company has purchased the old Crescent machine shop, a two story building on Main St.

The work of repairing the building is going forward as rapidly as possible and plans have been made for the placing of new machinery. The office has been furnished and the address of the company changed from Salem to Leetonia.

The campaign for stock subscription which has been in progress for some months to secure \$20,000 worth of stock has ended successfully with a full subscription, over \$15,000 of which has already been placed in cash.

As soon as the building is finished and the machinery put in place, an informal opening will be held which will give Leetonia people an opportunity to view the factory.

Removed to Hospital

Mrs. Lulu Abbott, Elm St., who has been critically ill at her home, has been moved to the Salem City hospital for treatment and probably an operation will be necessary to regain her health finally.

Eighth Grade Officers

At a recent meeting of the eighth grade on the North Side, Paul Conrad was elected class president, Mildred Williams, secretary, and Willis Peet, librarian.

The Sophomore class of the High school at its meeting last week chose Mitt Price, president, and Margery Kloman, secretary.

Mr. and Mrs. H. F. Paisley spent the week end in Cleveland.

Mrs. Alfred Grace entertained her sister Mrs. Mary Walker, of Franklin Square last week.

Mrs. James Lubera and sister, Miss Charlotte Feyock were visiting in Cleveland last week.

Mr. and Mrs. George Ferguson are enjoying a visit from their daughter, Mrs. Nora Orth of Rochester.

Mr. and Mrs. Michael Lynch and Miss Mary Doolan of East Palestine, were week end guests of Mr. and Mrs. William Kegelmeyer.

Mr. and Mrs. C. C. Schell are making their home with Mrs. T. C. Weimer since vacating the Morlott home which is now occupied by the Morlott family.

Mrs. Anna McCoy is visiting in East Liverpool.

Mrs. Ella Ballantine returned from Salem Friday where she spent a week in the home of her children, Mr. and Mrs. Frank Ballantine.

Freshmen Elect

At the meeting of the Freshman class of the High school Miss Bochtold was elected an honorary member of the class. The officers chosen for the year are: President, Roy Little; vice president, James Degnan; secretary, Catherine Thrasher; treasurer, Margaret Brumback.

Kolland Cope is ill at the home of his grandparents, Mr. and Mrs. A. G. Glass.

Mr. and Mrs. Howard Housechar and son Jack, of McKeesport, are guests of Mr. and Mrs. Michael Briggs.

Miss Ruth Smedley of Youngstown visited relatives in this vicinity over Sunday.

The Misses Anna and Helen Richer of Hanoverton, were week end guests of Mrs. Belle Patterson.

Senior Class Outing

The Senior class in the High school here will hold a wiener roast at the Frederick grove just west of town Wednesday evening.

Miss Helen Hendricks has gone to Youngstown where she is taking a course of training in nursing at the City hospital.

Constitution Week

This is Constitution week in the public schools and it will also be the subject for discussion at the Kiwanis luncheon Tuesday evening.

Att'y. Hilton Speaks

Att'y. Hilton of Canton, was present at the morning service at St. Paul's and delivered a stirring address in the interest of the Anti-Saloon league.

Dr. Irwin is home from the annual meeting of the American Dental association at Cleveland from Tuesday to Friday, last week.

Forty Hour Devotion

A 40-hour devotion began at St. Patrick's church Sunday morning and is attended by a large number of the membership.

May Merge Classes

Members of the Young Women's Missionary class of St. Paul's church will be guests of Miss Helen Floding Tuesday evening. The Sunday choirs of Mrs. Anna Thrasher and Mrs. Roy Frederick have been invited to attend this meeting with a view of consolidating the three classes into one young woman's class in the Sunday school.

Mr. and Mrs. C. R. Shontz and Mrs. Donald Shontz motored to Mt. Vernon Sunday morning, returning the same evening accompanied by Dr. Donald Shontz, who has been doing special work at one of the hospitals at that place. Mr. Shontz returns to Columbus the last of September to continue his medical studies.

A number of Leetonia's young people are planning to attend a dance at 200way grange Wednesday evening.

Mrs. Charles Wilson and son Jack of Youngstown, spent the week end with friends in Leetonia.

Miss Ruth Langher is substituting in the public schools of Alliance for a month, after which she will go to Columbus to resume her work at Ohio State university.

Mrs. John Wolfgang, daughter Kathleen and son Royce, of Erie, Pa., are guests in the home of Mr. and Mrs. Michael Briggs.

## \$2 GOES TO CAR AGAINST \$3 FOR AMERICAN HOME

Tendency Of Expenditures  
Last Four Years Shown  
By Bank Figures.

Cleveland, Sept. 18.—"The American people are spending two dollars for automobiles for every three dollars of outlay for new buildings," says the Cleveland Trust Co., in its mid-month business bulletin for September.

During the past four years motor expenditures have amounted to about \$6,600,000,000 and those for new building about \$10,000,000,000 the bank's computations indicate.

"Whether or not those relative proportions are for the best good of the nation, and whether or not they will be substantially maintained in the future, are questions which it seems impossible to answer now," says the bulletin. "What seems clear is that the peaks of production records have been reached, and that declining volumes of output are to be expected in both industries in the coming months."

"The period of business recovery that got well under way in 1922 and reached its peak of prosperity in the early months of 1923, had as its most important elements the building boom and the great activity of automobile plants. The prospective declines in these activities will be more than seasonable."

Discussing the business situation and outlook the bank says:

"In broad general terms the present business conditions may be described by nothing that manufacturing activity is declining, wholesale trade is almost surely to increase in the near future. In previous years the movements of railroad freight have usually reached their highest levels about the middle of October, and the volume of retail trade has recorded

its highest marks in the last two months of the year.

"The approach of fall has brought an increased demand for iron and steel. Consumption by large user has continued heavy. Automobile manufacturers have been buying sheets and other material in larger volume than at any time in the past 60 days. Railroads have been buying heavily of steel for considerable amounts of structural steel. The oil industry is actively in the market for pipe and for tank material. The Japanese disaster and huge rehabilitation plans underway will entail extensive steel needs. Some of these will be supplied in this country."

## Chariot Races Scheduled For Palestine Fair

Large Entry List In Horse  
Races For Wednesday  
And Thursday.

East Palestine, Sept. 18.—East Palestine's three-day annual fair opened today with placing of exhibits. Record crowds are expected, according to Secretary M. H. Eaton, on Wednesday and Thursday when six fast harness races will be held. In addition, a varied list of agricultural exhibits is ready, coming from scores of farms in neighboring townships.

Fourteen entries have been made for the 2:13 pace, which will be the first race event on Wednesday afternoon. Twenty-two entries have been made in the 2:18 pace and 29 entries in the 2:24 pace. Nine entries have been recorded for the 2:35 trot, 20 entries for the 2:21 trot and 18 entries for the 2:28 trot, the last event of the fair.

Lichty's orchestra, an aggregation of vocal and instrumental players, of Cleveland, will be the chief musical attraction.

One of the features of the three-day event will be a series of chariot races, staged as were the chariot races in olden days. Seven men and nine horses are used in this exhibition.

Officers of the fair association, beside Mr. Eaton, are C. F. Wood, president; H. Lawrence, vice president; and J. H. Irwin, treasurer.

Exciting enthusiasts from many parts of the county are expected to attend the last two days. According to fair officials, only one entry is duplicated, the rest of the entries being individual. Some of the fastest horses in the harness game will take part, it is reported.

## GREB WILL MEET DOWNEY SEPT. 27

Pittsburg, Sept. 18.—Harry Greb of this city, middleweight champ, will meet Bryan Downey of Cleveland in a ten round battle at Forbes field the night of Sept. 27, it was announced by the Iron City A. C., promoters. It was Downey's first appearance in a local ring.

## MOTOR BUS GROWS POPULAR

Hundred Electric Railway Companies  
Now Are Using It To Supple-  
ment Their Service.

The motor bus grows in use. There are now, says Financial America, about 100 electric railway companies using motor buses. In a majority of these cases the motor bus is actually supplementing and adding to the service rendered. This list of 100 companies are operating approximately 1,000 motor vehicles, practically all of the single deck 25-passenger or 14 to 18 passenger type.

Most of the motor bus lines in the United States are operating on a ten-cent fare basis, and the opinion of electric railway officials is almost unanimous that a five-cent fare operation will not prove profitable. The public demand a seat, more speed, greater comfort and appreciate the safety factor of loading at the curb, and up to the present have indicated a willingness to pay the ten-cent fare rate.

The potential growth of this type of service is large. Already there are more than 40,000 motor vehicles in service in the United States carrying passengers over schedule territory (exclusive of taxicabs). The figures for Newark, N. J., are indicative of the possibilities. In 1916 there were 2,600,854 passengers carried by jitneys in Newark. Last year there were 76,375,000 passengers carried in modern motor buses, and the figures for the last few months indicate a 1923 total in excess of 100,000,000 passengers.

## SPRAYING IS NOT HARMFUL

There Is No Danger If Proper Methods  
of Eradicating Pests  
Are Used.

A good many people have asked the question, "Will fruits and vegetables which have been sprayed be dangerous to use?"

It can be said that if they use the methods recommended for the different pests by the Department of Agriculture and the experiment stations there will be no danger. Of course in some instances, simply because of heavy spraying or spraying late in the season, there may be comparatively large quantities of spray material stuck to the fruit and vegetables at harvest time, especially where such products are grown in a dry climate. When heavy coatings of spray material are found, washing and wiping will remove much or this, usually almost all of it, and peeling will remove every bit.

Considerable fear has been expressed by some that spraying of fruits and vegetables might leave enough arsenate of lead or copper on the surface to be injurious to any one who might eat the fruit.

Right in this line experiments have been undertaken by the United States Department of Agriculture to determine whether these might be left on such fruits and vegetables which are sprayed enough chemicals of a poisonous nature to be injurious.

Washington, Pa. — Henry Ford in company with two others spent two days in the George Washington hotel here last week and leaving in a hurry forgot to settle their account. Through his local agent with whom he later communicated the bill was paid.

## I Will Dictate Next Contract Says Big Louis

New York, Sept. 18.—Having learned one lesson via the rather painful process of a punch on his Latin frontispiece, Louis Angel Firpo is about to take on the second.

He announced through Guillermo Widemer, his secretary, interpreter and general fetch-this, that he would sign no more peremptory contracts with Tex Rickard, demanding his presence in the ring against Dempsey within a given period of time. Rickard picked the last spot but Firpo intimates that he will have much to do with picking the next.

It was also learned that the sad-eyed senior plans to engage Jack Johnson as his teacher and will enter the next championship contest with expert handlers in his corner.

Johnson worked out with Firpo before the M'K Fund show last May and it was noted then that the Latin was fast gaining some faint inkling of what this game of fists was all about. Johnson, however, was extended on the courtesy of the open doorway, leading out, and from that moment, Firpo's improvement seemed to come in leaps and bounds.

What, if anything, Firpo plans to do about a trainer appears to be a matter of some doubt. It will not be Jimmy DeForest, however, the senior being quite definite on that point.

He is equally positive that he will not meet Dempsey again until next summer. The champion agrees with him. The only spots where such a bout could be held during the local campaign are Argentina and Tia Juana, but neither will get the attraction. The return bout is for New York and none other.

In fact the Argentine seems to be taboo from every angle. Talk is general on the subject of a bout between Harry Wills and Firpo and the negro has been mentioned the afternoon.

He is staged in America or at Tia Juana, just over the Mexican line. Rickard had Firpo signed to a contract for a Wills' match at Buenos Aires but Harry will have none of it.

"I have no desire to spend the rest of my life in a South American jail," was his succinct statement on this subject.

## PITT STADIUM TO SEAT OVER 90,000

Pittsburg, Sept. 18.—Since the first announcement made several weeks ago concerning the building of the Pitt stadium in the Oakland district, many inquiries have been received by members of the stadium committee regarding the seating capacity as compared with other college and university stadia throughout the country. A few of these are as follows:

Ohio State, 62,119; Yale, 61,900; Princeton, 41,500; Harvard, 38,000; Michigan, 34,500; Syracuse, 22,900.

In compiling this data, only seats of a permanent nature were considered.

When the Pitt stadium is finally completed, with lower and upper decks it will seat 90,000 persons, but it is not the intention to complete more than the first level for the 1924 football season and this will accommodate 69,000.

## CLEVELAND PROS SIGN MOUNT STAR

Kelley McBride, football star at Mt. Union, now athletic coach at Ashland High school, will make his debut in professional football ranks; this fall having signed to play with the Cleveland professional team.

McBride has made a name for himself in Fifth City basketball circles for the past two years, having played a stellar game at center for the famous Rosenblums.

He will likely be heard from when such teams as the World's Champion Professional, Canton Bulldogs, and others of note swing into action. McBride played a bang-up game at end while at Mount, being known as one of the best wingmen in the Ohio conference. Cleveland is lining up an all-star aggregation composed mainly of men who formerly scintillated in collegiate football circles. The squad held its first workout Saturday.

It is said the Turkish women who want to be plump eat roses mixed with butter.

## COOLIDGE TO LET SENATE ALONE ON DEBATE ON COURT

Will Not Use Big Stick To  
Jam World Court Plan  
Through Senate.

Washington, Sept. 18.—President Coolidge is not going to resort to any "big stick" methods to jam through the senate the world court proposal which he inherited from the Harding administration, it was learned today in authoritative quarters.

The president himself is silent about future moves concerning the court, but it is significant that the word is being passed quietly around in Republican senatorial circles that the estate is to be left to deal with the court in its own way and in its own time, under the new regime.

Considering the opposition to the court that exists among such leaders as Lodge, of Massachusetts, Watson, of Indiana, Brandegee, of Connecticut, to say nothing of the Borah-Johnson-Lathrop irreconcilable group, and considering further that these opponents largely control the senatorial majority, it begins to appear that the court's immediate future is decidedly hazy so far as America is concerned.

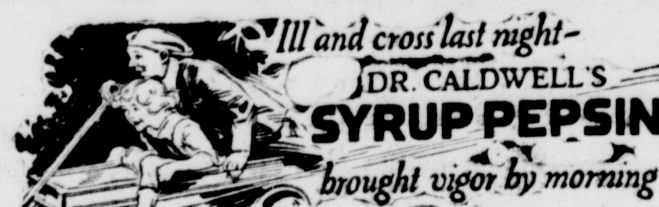

President Coolidge has largely kept court policy. How much so may be judged from the fact that he has consistently passed over or ignored the written questions on other subjects from coal to ships, have been answered readily enough, but questions on the court have met only silence.

The president, however, has talked of the court situation with a few callers, and these have come away with the decided impression that Coolidge is not going to press the matter before the senate if it appears that to do so will be to invite violent disagreement and the danger of a split in the party. He realizes, it is said, that the Republicans, with their slim majority in the new senate, will have a hard enough row to hoe without courting any troubles that can be avoided.

## ASKS LEGION HEAD TO GIVE PROGRAM

Washington, Sept. 18.—President Coolidge has asked Alvin Owsley, national commander of the American Legion, to give a program for bettering the conditions of ex-service men.

Following a conference with the president at the White House Owsley said that care of the disabled and passage of a soldier bonus bill were the principal planks in the Legion's platform. Owsley declined to discuss reports that he would be a candidate for vice president on the Democratic ticket.

## How To Keep A Child Healthy

A GENERATION ago parents thought that sickness was a part of a child's life, but we know better now. The secret is in the food the mother allows the child to eat, and in watching that elimination occurs regularly two or three times a day. Mrs. J. Russell of 1914 Havana Ave., Detroit, Mich., keeps her family of two young children in perfect health with Dr. Caldwell's Syrup Pepsin, and Mrs. R. L. Smith of 519 Maple Ave., East Pittsburg, Pa., says her family of three children have never been sick a day since giving them Syrup Pepsin.

easy passage without griping or strain. It does not contain narcotics, and you can give it with absolute safety to an infant at the breast.

## "Magic" in a Teaspoonful

Every store that sells medicines sells Dr. Caldwell's Syrup Pepsin, and the cost is less than a cent a dose. Give half a teaspoonful to any ailing baby or child at night when you put it to bed and you will find a happy, laughing youngster in the morning. Take Syrup Pepsin yourself when constipated, and give it to any member of the family young or old, for any ailment due to constipation, such as biliousness, headache, lack of appetite, sleeplessness, bad breath, cankers, fever sores, indigestion, and to break up fevers and colds. Stop that first sneeze or sniffle and you will have a healthy winter.

## A Substitute for Physics

Dr. Caldwell's Syrup Pepsin is a scientific compound of Egyptian senna with pepsin and suitable aromatics. The formula is on every package. You will find you do not have to force children to take it, and it is much better for them than castor oil, calomel or coal-tar drugs like phenolphthalein even if covered with sugar or chocolate. Syrup Pepsin is mild and gentle in action and your child will have an

## Come to Michigan City, Ind.

"Gateway to the Dunes"

## The SPAULDING

Michigan City

THE opening of the new Dunes Highway, connecting link between Chicago and eastern points, adds new importance to Michigan City as a commercial and recreational center.

A trip to the famous Dunes, on Lake Michigan's Indiana shore is an occasion of great enjoyment for those who love the big outdoors. Visit Michigan City on week-ends. Spend your vacation here in beautiful surroundings and on Lake Michigan's finest beach.

The new Hotel Spaulding provides exceptional accommodations for tourists and for those who come on business. Here you'll enjoy every service that you expect from the best of big city hotels. Ideal for conventions. The Spaulding banquet-room seats 500. Other rooms conveniently equipped for smaller gatherings.

Michigan City is reached via Michigan Central, Erie, Monon, Pere Marquette, Northern Indiana and South Shore Railways and by Lake Michigan boats. Thirty important manufacturing concerns are here located. Salesmen should spend two or more days here.

Write for folder about the Spaulding, the Dunes, golf and other recreational features.

## SILENCER IS PUT ON LOUD TALKER

"FOG-HORN" SENATOR ISOLATED AS TO OFFICE, ACCORDING TO A NEWS STORY.

### PROTECTION FOR NEIGHBORS

Minor Changes Are Made Every Summer in the Senate and House Office Buildings, and Sometimes in the Capitol Itself.

By EDWARD B. CLARK

Washington.—It probably is just an impudent untruth generated of a desire to make a good story, but it has been printed in this town that the senate committee on rules in its work of assigning new senators to suites in the senate office building has so arranged matters that there will be a couple of vacant rooms between the suite to be occupied by a western senator with a fog-horn voice and the nearest occupied suite on either side of his quarters.

This has been called in Washington "the putting of a silencer on the office of a man who says too little and talks too much." According to the Washington viewpoint, there are several new senators to whom this little description might apply. The one who finds a vacant spot between him and his nearest neighbor will learn definitely whom the flippant writer had in mind when he penned his little news story. As for other people, they must guess as to the identity of the one against whose voice the senate intends to protect the ears of one or two of its members.

Every summer slight changes are made in the capitol and in the two office buildings given over respectively to the representatives and the senators. The office buildings are comparatively new structures, having been erected within the last fifteen years.

The cornerstone of the house office building was laid by Theodore Roosevelt, then president, who took advantage of the occasion to make his famous speech on the "muckrakers," for muckraking, so-called, was then one of the chief occupations of a score or so of more or less ready writers.

#### Changes in the Capitol Itself.

As for the capitol itself, changes of various minor kinds are made from year to year; but alterations of any magnitude cannot be made without destroying the solid walls of the ancient building and jeopardizing its safety. Changes of one kind or another, however, are made to meet the increase in senate and house membership and its order to give to certain committee chairmen adequate room space. These chairmen have rooms of their own in one or the other of the office buildings, and there are also committee rooms in these buildings; but it has been found necessary to give to certain congressional leaders rooms close to the seat of legislation in the capitol proper.

The capitol is not as it was when it first was erected. The main portion of the structure remains virtually the same, but its outward appearance has been so altered that it is doubtful that if the spirit of James Madison should take a look at it there would be quick recognition of the building as the one which was made the object of a British attack in the year 1814.

Most visitors who come to Washington to look over the capital city and its buildings seem to think that the great structure on the hill is just as it was in the early days of the Republic. It is double the size of the original structure. The dome of the capitol, with the figure of Liberty surmounting it, was not completed until 1855. There was a dome prior to that time; but the dome which is called the crowning glory of the capitol was an after inspiration.

#### Alterations and Additions.

The present senate and house wings of the capitol were constructed just prior to the Civil war. The cornerstones of the extensions were laid by President Fillmore on Independence Day, 1851; Daniel Webster delivered one of his great orations on the occasion. It was not until 1859 that the house and senate moved into their new quarters. Prior to that time the present Supreme courtroom did service as a senate chamber and the present national statutory hall as the house of representatives.

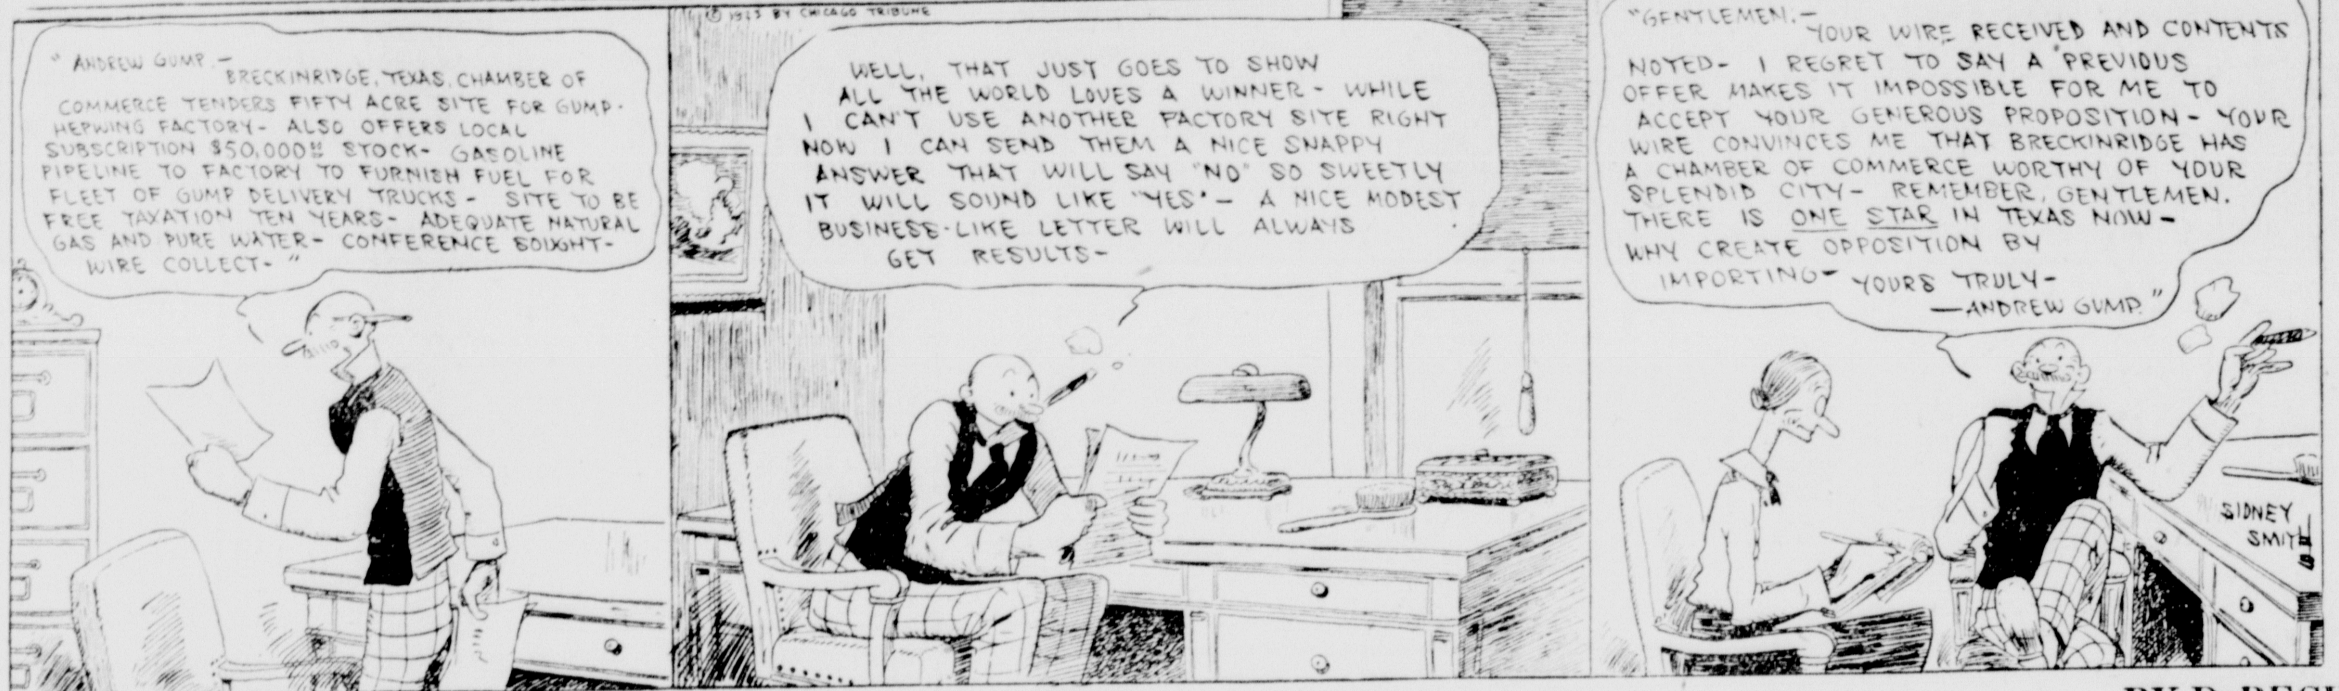

The British advanced on Washington in 1814 and set fire to the capitol. The two original wings of the central building were partly burned by the invaders. It took a good deal of white paint to cover up the marks of the scorching, and, in fact, on the lower walls there are places through which the black shows to this day.

The capitol, seemingly, was in all its parts "built on honor." A railroad tunnel runs under the capitol grounds not far from the building, and through it trains thunder every few minutes, every day, but the old structure stands without a tremor.

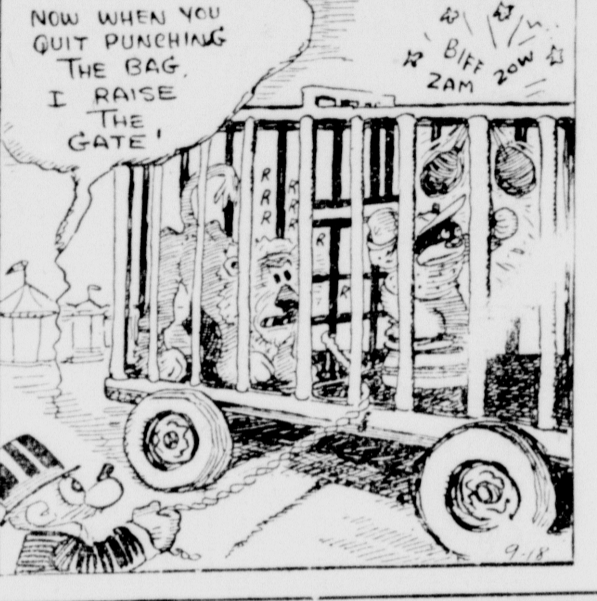

When the British fired the building all that the flames could do was to destroy some furniture and blacken the walls; the stone withstood the heat of the flames and it was not necessary to use any new exterior building material when the process of restoration was undertaken. The same thing is true of the White House, which also was burned by the invader of 1814. Changes are made in the White House every year just as they are made in the capitol, but they are of minor importance.

## Ice Cream Is A Novelty In All Foreign Countries

Washington, Sept. 18.—You may lead them to the fountain but you can not make them drink—ice cream sodas!

So answers the department of commerce when business men ask about the possibilities of introducing American ice cream and sodas in foreign countries.

Only in England is the American soda fountain getting over at all. An American, owner of a department store in London, put in a fountain about 12 years ago, but people went only to look at it, seldom to patronize it. It wasn't until England had a hot summer in 1921 that cool soft drinks and ice cream dishes began to be well known.

Even so, the amount used seems very small to an American. Through-out all of the British Isles this year about \$200,000 worth of soda fountain supplies—fruits, juices and sirups—will be used. One of our large cities use that amount in a week.

Name almost any other country you can think of, and if you think of an ice cream soda at the same time, the answer is, try and get it!

For instance, the consul in Portugal says: "These people have an inherent dislike for cold drinks. They are afraid of chilling the stomach. Even when they serve ices, the portions are very small compared to what one gets in the United States."

In Copenhagen there is a soda fountain at the big amusement park as a novelty, probably, the consul thinks, "to attract people who have been in the United States."

Here, as in other foreign countries most people prefer to go to cafes or restaurants where they can sit and talk and drink coffee or liquor.

In Saloniki, Greece, there are about 20 soda fountains, not in drug stores, hotels or candy stores, but out on the street.

None of the general public in Africa, Spain, Norway, Sweden, India or Persia would be quite sure of what they were seeing if they came face to face with an ice cream sundae.

In Mexico ice cream and soft drinks are dispensed by street vendors, but Americans there sigh when they think of the ice cream to be had in the states.

## FLAT RATE SERVICE PLAN

Flat Rate Service—the kind of service you have been waiting for, is now at your call. We have adopted this new method of handling charges for Chevrolet repair work because it enables us to give every Chevrolet owner an intelligent estimate of the cost of repairs before the work is started.

Our repair shop is guided by a schedule of repair operations, each covering a specific repair job with the exact average time indicated plainly. The standard price list of Chevrolet Parts gives the exact cost of replacement parts needed. These are the facts that take the uncertainty out of service work.

The Chevrolet Flat Rate System makes for better work at lower prices, because repair men spend their time doing only what you have ordered. That's what we charge for, and you know in advance what it will cost.

Our shop is equipped with special Chevrolet tools. No repair job is too large or too small to be handled efficiently and at minimum cost to you.

Remember: Good and regular service costs you nothing in the end because it prevents expensive breakdowns and lengthens the life of your car.
